

MOBILE APP DEVELOPED BY STUDENTS OF COMPUTER SCIENCE & ENGINEERING

Mr.Manoraja, Ms.Mahajabeensultana and Mr.A.S.Swaroop of final year CSE developed an Android Application for DK Scraps for the commercial automation of scrap collection for the real time usage in the areas of Padi and Anna nagar. Application is developed with location tracking with Google GCM and firebase connectivity. It eases the work of customer by selling scraps from their doorstep like swiggy APP.
