4.2.1 LIBRARY IS AUTOMATED USING INTEGRATED LIBRARY MANAGEMENT SYSTEM (ILMS)

Responses:

The Central library spans across two floors with an area of 8978 sq. feet. is equipped with Integrated Library Management System (ILMS) namely "KOHA" which is automated through a software program and customized by our own team. The software handles all the library activities such as issue, renewal & return of books, data entry, storage & retrieval, online book reservation, member logins, report management, user data maintenance Utilization analysis, article alert service, etc. ILMS is interfaced with Barcode Scanner that supports all in- house operations of the library.

Name of ILMS Software: KOHA Integrated Library Management Software (ILMS)

Nature of automation: Fully

Version: KOHA 20.04

Year of automation: 2020

The library subscribes full-text e-resources providing access to e-journals and e-books, etc., through the authenticated IP address (<http://172.16.21.1:8080>). The users can access these resources from anywhere on the campus at any time through the Wi-Fi for fast and seamless access to the e-Resources for the benefit of their academics and research. Library webpage (<http://msajce-edu.in/Library.php>) provides access to various services as well as e-resources, Online Public Access Catalogue (OPAC) etc., besides giving detailed information about library, rules and regulations and necessary contact details.

The institution has open source Braille software such as "BRAILLE BLASTER" and "NVDA Software" installed in few systems in the laboratories. These can be used with Braille displays and Braille keyboards, which are also available in the labs.
